"IT'S NO TIME FOR POLITICS"--WILLIS

OHIO EX-GOVERNOR SAYS PEOPLE SHOULD STAND BEHIND WILSON.

PAYS FINE TRIBUTE TO THE OLD SOLDIERS

Glenn Wells Company Furnishes the Musical Program — The Royal Dragoons Play Tonight.

"If we thought less and talked less of politics and thought more and talked more of the flag, we would be better off," said Ex-Governor Frank B. Willis of Ohio last night in his lecture delivered to an overflow audience in Chautauqua tent.

Governor Willis was speaking of the part of politics in the war. He declared that it was no time to let partisan feelings interfere, that it was only necessary to remember that Wilson was our president and that we must stand behind him in bringing the war to a successful close.

Pays Tribute to Veterans.

Paying high tribute to the soldiers of '61, who fought for the things that we now enjoy, Governor Willis said that they were better able to appreciate the seriousness of our present situation, through their experience.

"The people of the United States do not understand the gravity of the world war," Governor Willis said. "Very few comprehend the magnitude of the struggle in men or in money."

"More men have already been killed in the war than were killed on both sides in the Civil war. The struggle between the North and the South cost approximately $3,000,000 a day. The war in which we are engaged is costing the nations $6,000,000 an hour.

Governor Willis urged the people to try to realize the gravity of the situation and the principles for which we are fighting.

Why We Are Fighting.

"Everything that we have ever professed as a country is at stake," he said. "For one hundred years we have taught the principles of freedom and of the right to govern. Now the time has come when we must stand by these beliefs.

"Be an American with me. We have talked liberty and humanity to the world. Let us stand for these principles and see that they triumph.

An allusion to the German sympathizers brought great applause from the audience.

"Any man who is not for America in this crisis should have to get out of the country," said the Governor.

Aiding in the Red Cross work, encouraging the boys to fight willingly and gladly for their country, and aiding in the fight for prohibition were given as means by which those at home could help win the war.

Glenn Wells Company Assists.

The first part of the program was given by the Glenn Wells company, which performed at both the afternoon and the evening sessions. Two sketches, several musical numbers and pianologues pleased the audience in this part of the program.

This morning Dr. Nan Sperry spoke on "The Boy and Girl Problem." This afternoon the Royal Dragoons gave their opening performance and they were followed by Congressman Abercrombie of Alabama.

The concert this evening will be given by the Royal Dragoons, who appear in dashing military costumes and present a program full of spirit.

Saturday's Program.

Saturday's program is as follows:

9:00—Junior Chautauqua.

10:00—Lecture, "Gypsy" S. Smith, who tells of his nomadic tribesmen, in his lecture, "From Gypsy Smith Camp to Pulpit."

2:30—Concert recital, Elsie Baker and company. Miss Baker is one of the world's premier artists.

8:00—Mr. Durieux and Skjerne, assisting artists with the Elsie Baker company, will give the evening prelude.

8:45—John B. Ratto, character impersonator.

FLAG POLE IS READY

Will Be Dedicated to Fourth Regiment Band at 3 O'clock Tomorrow Afternoon.

The flag pole which will be dedicated to the members of the Fourth Regiment band at 3 o'clock tomorrow afternoon, has been put in position at the intersection of Fourth and Main streets.

While the men were using the cable in raising the flag pole into its place, a far-sighted man driving a car ran into the cable which was stretched across the street and held by five or six men. As the cable was pushed back by the car a number of the men found a hasty seat on the ground, and others had their hats forcibly removed from their heads.

TALKS ON FOOD SAVING

Mrs. Sarah Tyson Rorer Against the "Garbage Can" Way of Keeping House.

Food conservation, both for the sake of war and for economy were discussed by Mrs. Sarah Tyson Rorer in her lecture yesterday afternoon.

Mrs. Rorer doesn't believe in the "garbage can" plan of housekeeping. She says that every scrap of foodstuffs can be utilized and that she has never had to use a garbage can in her housekeeping.

The women of today do too much cooking, according to Mrs. Rorer's idea of housework. She told her audience of numerous ways by means of which the labor in the kitchen could be lightened.

Leave For the West.

Mr. and Mrs. F. A. Breit and son, Frederick, and Harry Garner of Parnell leave tomorrow on an automobile trip through the Yellowstone National Park, Salt Lake City and other places of interest through the West.

THE 2ND LOAN NOV. 15

THE GOVERNMENT PLANS TO BORROW $3,000,000,000 THEN.

TREASURY FUNDS LOW

Secretary McAdoo Plans to Issue $1,000,000,000 in Short Time Notes For Immediate Needs.

Washington, Aug. 3.—The second Liberty Loan — for $3,000,000,000 — will be launched November 15, treasury officials said today. Before that time it is planned to issue nearly $1,000,000,000 in short time treasury certificates to meet immediate needs.

To sell the second liberty loan bonds a campaign is being planned which will overshadow the organization and publicity which made the first bond issue a great success.

A new feature in the second bond selling campaign will be the women's liberty loan committee. It has named State chairmen and opened offices in the Treasury building here.

Several million new posters and 5,000,000 liberty loan buttons have been contracted for.

Washington, Aug. 3.—The biggest money-raising campaign the United States ever has seen is beginning to get under way. With the treasury's funds already so low, Secretary McAdoo has been compelled to sell $300,000,000 in treasury certificates at least ten days earlier than he had planned and the government faces increased demands for money.

When thee first installment of $2,000,000,000 of the liberty loan was offered and so freely subscribed, the banks of the country had no especially pressing demands upon them, but the country now is facing the crop moving season, when the banks will be called upon by private business for millions of dollars to handle the harvest.

It is not doubted at Washington that the government and the people will rise to the occasion, but it is recognized that this season's achievements will be an interesting test of the resourcefulness of the American people under trying circumstances.

Steps are being taken to meet the eventuality. Senator Owen in the Senate and Representative Fisher in the House have offered bills to amend the federal reserve act to empower the board to suspend the law preventing national banks or member banks of the Federal Reserve System lending to exceed 10 per cent of their capital and surplus to any one firm or individual. The purpose of waiving this prohibition is to enable banks to finance crop movements for farmers with heavy harvests and for companies which pay the freight and other costs of moving crops which they buy.

Under the terms of the measure, the crops will be made security for loans.

NEXT GAME WITH ROCK PORT

Feds Expect To Redeem Themselves Sunday by Good Score—Plan Championship Games.

The Maryville Feds have staged a game with Rock Port for Sunday afternoon, and expect to redeem themselves by playing one of the best games of the summer.

Rock Port has one of the fastest clubs in Northwest Missouri, having met but one defeat this season. They played Maitland Sunday before last and won the game by a score of 15 to 0

The Feds at present have the strongest clubs of the season and are anxious to have a good crowd present when they take the victory from Rock-Port.

Championship games are being arranged with Stanberry, Rock Port and Shenandoah, when the title of best teams in Northwest Missouri and in Southwest Iowa will be contested. Shenandoah has a salaried baseball club, having won every game of eighteen played this season. Bert Garnett of Skidmore will act as umpire in all of these games.

To Delay Band Boys' Gifts.

The Commercial club entertainment committee yesterday decided that the gifts to the band boys would not be given at their departure but would be sent later, when the boys were in camp. In response to the plea of the boys who do not smoke for something else besides cigars and cigarettes, other gifts will be included in the shipment.

A PLEA FOR PILLOWS

Women Who Have Not Time to Join Units can do This Work at Home.

A plea for pillows is being made by the women of the National Surgical Dressings association in Maryville. It is felt that many women, who have not the time to join one of the units would be glad to make a pillow, and turn it in to Mrs. E. G. Orear, chairman of the Nodaway County organizations.

Two sizes of pillows are asked, the sanitary train pillow being 21 by 35½ inches and the stretcher pillows being 12 by 18 inches. These pillows may be covered with cretonne or any other material that is handy in the house and should be supplied with two slips of old or new material. Another size pillow asked for is 16 by 16 inches.

The pillows are very essential in the proper treatment of the war sufferers, as they are used to prop up limbs to stop the flow of blood and in other ways to ease the sick.

A second appeal for old linens comes from the association at New Lork. Any woman who wishes to contribute may cut her old linens into pieces, 15 by 15 inches and 16 by 23 inches.

Word was received this morning from Mrs. A. R. Meyer, chairman of the Kansas City branch of the association, that the Missouri association had been accepted by the national organization and their work recognized. The announcement that the last shipment of surgical dressings sent by Nodaway county had been received and passed upon for shipment was also sent to local headquarters.

SINGING COMES TO STAY

Large Crowd Joins in Songs at Farewell Band Concert Last Night — Enterprise Complete Success.

The second evening of community singing in Maryville proves that it has come to stay. A large and enthusiastic crowd attended the farewell concert given by the Fourth Regiment band last night and when Marcus Nielsen led the singing, men, women and children joined in with a will, making Maryville's latest enterprise a complete success.

The band boys are preparing to leave and will take the Sunday morning train for St. Joseph. A large delegation of friends and relatives of the boys will see them off on that morning.

Amsterdam, Aug. 3.—An average of nine hundred tons of shipping monthly has been destroyed by submarines since unrestricted torpedoing began in February, the Frankfurter Zeeitung declared.

PICKERING WOMAN DEAD

Paralytic Stroke Fatal to Mrs. James Sadler After 3 Years of Illness Was 74 Years Old.

Mrs. James Sadler of Pickering died at 9:20 o'clock last night. Mrs. Sadler suffered a paralytic stroke about three years ago, and has been an invalid since that time. She was 74 years old last Sunday.

Mrs. Sadler is survived by seven children, two sisters, twenty-three grandchildren and seven great grandchildren. The children are: William Sadler, Pickering; Frank Sadler of St. Joseph, Mrs. Charles Clayton, Mrs. Silas Yeager and Mrs. John McClurg of Pickering, Mrs. Leonard Vore of Hopkins, and Mrs. Floyd Claycomb, near Maryville.

Funeral services will be held at 2 o'clock tomorrow afternoon, conducted by the Rev. C. S. Dayhoff and burial will be in the White Oak cemetery.

Mrs. Sadler was born in Indiana, but has spent the greater part of her life in Nodaway county.

U.S. TROOPS ARE IN LONDON

Will Soon Be Marching in Streets With Bands Playing and Flags Flying.

Special to The Democrat-Forum.

London, Aug. 3.—The American troops are to march through London streets with bands playing and flags flying in the near future, says the London Daily Express. This paper declared that it was the first time since the landing of William III that soldiers of a foreign country were permitted to march through London streets carrying arms and a foreign flag.

The Daily Mail points out the presence of American troops on English soil is no longer a secret since the fact that King George inspected the regiment and was published a few days ago.

TO INCREASE OFFICERS RESERVE

Each State Will Be Permitted A Quota of 30 Per Cent Higher in Next Camp.

Special to The Democrat-Forum.

Washington, Aug. 3.—Each state will be permitted a quota of 30 per cent higher than that was originally assigned at the reserve officers' training camps that opens Aug. 27, the war department announced today. Instead of one thousand men in each sixteen camps, a total of 23,000 will be admitted.

John Kidd of Bedison was a Maryville visitor today.

TO HOLD LINES AT ANY SACRIFICE

GERMANS ARE FOLLOWING THEIR LEADER'S ORDERS EXPLICITLY.

YPRES REGION, SCENE OF BLOODY SLAUGHTER

Teutons Charged Through A Sea of Mud Only to Meet Disaster Under British Fire.

Special to The Democrat-Forum.

London, August 3. — "Hold your lines at any cost." This command was given to the Crown Prince Rupprecht of Bavaria commanding the German forces in Flanders when the war council of German military and naval leaders summoned by the kaiser met in Brussels yesterday, said a dispatch from Amsterdam today

The imperial command had already been flashed to the German front and today's dispatches from Flanders told of a savage German counter attack, terrific pounding of the British lines by artillery and of hand to hand fighting of ferocity unequaling even that of the Somme. Throughout the night in the region of northeast of Lpres was the scene of a bloody slaughter. The Germans charged through a sea of mud only to meet disaster under the galling fire of the British. At dawn today hundreds of Germans were dead and lay before the British positions. The German prisoners say that rumors along the German front were that huge bodies are being hurried up, some coming from the eastern front to make up the reverses suffered.

Czernowitz Is Captured.

The Hague, Aug. 3.—Czernowitz, the capital of Bukowina, has been captured by the Austrians, says a Vienna dispatch today.

TO BLAME FOR LAW'S DELAY.

Special to The Democrat-Forum.

Washington, Aug. 3.—The responsibility for further delay in enacting the food bill will rest upon the senate and house leaders, it was declared today. The house met today and determined to adopt the conference report. Although there promises to be some caustic criticism of some of the features of the bill, Chairman Lever declared that there would be no doubt about its acceptance.

EXPECT BATTLE AT SHAWNEE.

Special to The Democrat-Forum.

Shawnee, Okla., Aug. 3.—It has been reported that the great Frisco bridge over the south Canadian river near Francs has been burned by members of the working class. A posse of Konowa citizens have gone to meet them and a battle is momentarily expected. The wires are all cut. The sheriff here has arrested several for resisting the draft.

REVENUE BILL REDRAFTED.

Special to The Democrat-Forum.

Washington, Aug. 3.—With further revision of the liquor taxes, the Senate finance committee today virtually completed the redrafting of the revenue bill. As the measure stands, it is calculated to raise $2,002,000,000. It was agreed to give free mailing privileges to the soldiers in France.

DRAFT FEAR CAUSES TRAGEDY.

Special to The Democrat-Forum.

La Porte, Ind., Aug. 3.—While temporarily insane through fear of being drafted, Alma Walt today killed his 2-year-old son, wounded his wife and then killed himself. His wife will live.

ANNOYING SYMPTOMS

How Heat Flashes, Dizzy Spells and other Bad Feelings at Change of Life may be Relieved.

Richmond, Va. — "After taking seven bottles of Lydia E. Pinkham's Vegetable Compound I feel like a new woman. I always had a headache during the Change of Life and was also troubled with other bad feelings common at that time—dizzy spells, nervous feelings and heat flashes. Now I am in better health than I ever was and recommend your remedies to all my friends."—Mrs. LENA WYNN, 2812 E. O Street, Richmond, Va.

While Change of Life is a most critical period of a woman's existence, the annoying symptoms which accompany it may be controlled, and normal health restored by the timely use of Lydia E. Pinkham's Vegetable Compound.

Such warning symptoms are a sense of suffocation, hot flashes, headaches, backaches, dread of impending evil, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and dizziness.

Little Girl Falls 14 Feet.

As a result of falling from a back porch to the cement steps, fourteen feet below, Hilda Foreman, the eight year old daughter of Lloyd Foreman, the auctioneer, is confined to her home with a broken arm, both the bones of the left arm being broken. The accident happened last Friday. On Saturday, the little girl's uncle, Donald Foreman, aged 15, came down from his home near Bedford to help take care of his little niece, and while cranking his father's Ford car that afternoon, the machine "kicked," breaking his right arm. Dr. Kirk was called in both instances to reduce the fractures and the boy was able to be taken home Monday.—Hopkins Journal.

The Busy Store With Little Prices

Here From Oklahoma.

Roy McGuire and family and Mrs. Al McGuire, of Canton, Okla., arrived here last week in their Ford car for a short visit with relatives and old friends. They are needing rain there the same as we are here, the early corn being burned up when they left Canton. The distance between Hopkins and Canton is 600 miles and they drove through in less than three days. They started on the return trip home Wednesday afternoon. — Hopkins Journal.

C. E. Donlin of Hopkins, Ross M. Burch of Clearmont and G. W. Smith of Pickering were among the county people registered at the Hotel Balnum yesterday.

"I'm Going To Use My Business—Not Put It In Cold Storage

This was the remark of a keen thinking business man, who is on the move regardless of the general business tendency, weather or trade.

This should be the thought of every merchant or manufacturer who intends to stay in the race. The man who backs out for a time, who waits for a new movement, is the one who is most apt to lose out entirely. The one who increases his energy is the very one who looms up big when the harvest comes.

It is easier by far to keep in the race than to slow down and let another man pass you. If you do not keep yourself and your concern before the public, who do you think will?

Put your business into cold storage for a time and you have lost efficiency for that time. People do not remember you half so well by your past achievements as by your present. It is up to you to stay in the race not only to retain past trade but to be ready to serve the trade of tomorrow.

Seen And Heard At The Chautauqua

Seventy-five boys and girls took part in the Junior Chautauqua at Chautauqua Park yesterday morning. The play which was directed by Miss Mabel McGill, supervisor, was enjoyed. The session this morning was called earlier because of the lecture.

Twelve Civil War veterans of the Blue and the Grey responded to the invitation of Harry D. Kies, manager of the Chautauqua, and took their places on the platform during the lecture of Ex-Governor Willis.

Ex-Governor Willis told his audience last night that his parents had lived a short time in Nodaway county more than sixty years ago and that his childhood memories contained the names of families who had been neighbors of his father and mother during that time. He named the Chances, the Officers and the Wrays, and said that if there were any members of these families in the audience he would be glad to meet them.

Governor Willis' frequent resorting to the water glass during his speech is said to have made many in the audience thirsty, although the night was cool.

The subject of Governor Willis' lecture was announced as "Present Day Problems." He spoke more than an hour and failed to get beyond today's one vital problem, "The War." So much for the magnitude of the great world struggle.

Some of the men who heard Mrs. Rorer's lecture yesterday afternoon greatly resented her suggestion that they do without pie in order to save the housewives the trouble of making them.

"What's the use of having high salaried committees going around the country teaching women to can alfalfa for winter greens and showing Johnny how to raise three quarts of beans when we allow the liquor dealers to consume thousands of dollars worth of grain for booze"—Governor Willis.

Did you know that in the previous allied offensives that have cost the lives of thousands of men and the expenditure of billions of dollars, the territory gained from the Kaiser's forces is about one-third the size of Nodaway county. And did you know that the allies are still one hundred miles from German territory? This is what Governor Willis told his audience last night.

If the United States had a sufficient air force, the war would be ended in a short time, as airships might solve the submarine problem. A submarine is plainly visible from an airships, and explosives would do the rest Two other possible exterminators of the submarine, said Governor Willis in his address last night, are Edison and his assistants and the United States navy, which will close the Keil Canal and prevent the U-boats from leaving their bases.

WANT TO LOSE A DOG? APPLY TO CONRAD YEHLE

Conrad Yehle's friends are always finding something else to admire in him, and their latest discovery is he is an authority on "How to Lose a Dog."

Mr. Yehle's particular talent in this line burst into full bloom this week and since that time he has done little else besides answer questions on the art of dog losing. Mr. Yehle answers them from his varied experience, and receives their profuse thanks with a satisfied air that comes only from a knowledge of duty well done.

A strange dog has been hanging around Mr. Yehle's home for some days, and as the Yehle family is practicing the food conservation urged by the Commercial club, the presence of a lean, unsightly canine on the outskirts of his property was really an eye-sore and a conscience troubler to Mr. Yehle.

Wednesday the crisis came and Mr. Yehle ordered his son, Eugene, to take the dog out and lose it. The forlorn animal was duly loaded into the car and Eugene sped out into the "wilds." When he had gone a few miles, he pushed the dog out of the car and returned to Maryville.

That evening the family had a thanksgiving dinner with extra courses in honor of the dog's disappearance, but just as Mr. Yehle was carving the roast, a scratching was heard on the porch, a low whine echoed through the house —

"And the dog was back."

Mr. Yehle tried to cover his chagrin and appeared to enjoy the festivities. But dark thoughts were in his heart. He was at that moment planning to have the dog sent to "dog heaven," via he Bullet Route.

The next day his plans were matured and he hired a man to shoot the unwelcome visitor. The dog was led away from the house, the executioner drew back a few paces and the gun was raised. Poor Fido all unconscious of his fate made a lucky move just as the gun went off and a bullet only grazed his eye.

Finale: He is back at the Yehle home, looking reproachfully but confidently at Mr. C. W. out of his good eye.

You Can Shake Loose from The Tortures of Rheumatism

By using S. S. S.

The germs of Rheumatism are in the blood, which is laden with millions of the minute demons of pain, causing untold suffering and bringing its victim from vigor and strength to almost helplessness. To get real and genuine relief from this disease, these disease germs must be completely routed out of the system through the blood.

S. S. S. has been used for fifty years with satisfactory results in the treatment of Rheumatism. It acts directly upon the blood, which it promptly purifies of all disease germs. It is a powerful antidote, and eliminates from the blood all trace of rheumatic germs, building up and strengthening the run-down system.

Write to-day to our medical director, who will give you valuable advice regarding the proper treatment of your own case. Address Swift Specific Co., Dept. I Atlanta, Ga.

COMMUNICATION

About the Fair.

Editor Democrat-Forum: A few of our boys attended the Taylor county fair at Bedford and we find that it does not come up to the Maryville fair. We think it is too early in the season for fairs as the farmers are all pretty busy.

Bedford had a pretty good race meet and everything went off pretty nice until August 1, when they had a pace race where Mr. F. F. Brockway got in bad with Judge Leric, his pacer and the same one that paced here on the Fourth of July. It seems as though Mr. Brockway has a good deal of trouble by his broad driving and at Bedford he got in it by crowding Bob Conner. Mr. Conner contested Brockway's pacing horse, claiming that he was entered in the class that he did not belong in and that he misled the Bedford association in the class where he belonged. Conner called on J. F. Roelofson and myself to make affidavit of Judge Leric's time made here at our fair in September 1916 for which we were compelled to do so to protect the association. Brockway has been training his horses here at Maryville track and since the trouble at the race meet on the fourth of July has moved his horses to Savannah. We presume that he will be there at the Savannah fair on the same dates as the Maryville fair.—A. O. Mason, President Maryville, Nodaway County Fair Association.

NEWS FROM ALL NORTHWEST MISSOURI

Fifty-nine years ago a Michigan lad, having attained his 21st year, started westward to offer his services as an Indian fighter. At Ft. Des Moines he was told that Iowa already was supplied with its full requirements in that line, but that North Missouri might have use for him. Thus he landed at Princeton in 1858 and being again denied the chance to fight Indians he accepted a job of school teaching at $20 a month, taught at Pleasant Ridge and Modena several terms and then went back to Michigan. That was the last O. F. Conlin saw of Princeton, says the Post, until last week when he came back on the cushions of a Pullman coach and with enough money in his pocket to buy the whole train—if he wanted it. He found several friends of the old days and spent a pleasant day visiting the scenes of his experience of 1858.

One hundred and fifty dollars is the cash reward offered by I. N. Wilson of Grant City for the return of a new set of work harness and the arrest of the two young fellows who, he declares, drove past his farm in an Iowa-licensed motor car and lingered suspiciously near his barn the night before the harness was missed.

If the new contract between city council and electric light plant is ratified by the popular vote in the special election this Tuesday Grant City will have its first 24-hour electric service and a notable addition to its street lights.

To relieve the congested condition of the street adjacent to its bandstand Grant City is removing one-fourth of the hitchracks from the public square. These will be set up in another street, however, so that there will be no decrease in hitching facilities.

When a large elk escaped from the Chas. McQuigg elk pasture near Grant City some weeks ago it began roaming at will about the neighborhood and it was found to be too wild and fleet of foot to re-capture. Consequently, an elk hunt was staged in Worth county last week and the animal was shot.

In order to make room for the motor cars of out-of-town patrons on Saturdays and other special days Hopkins business men have found it necessary to urge the townspeople to leave their cars at home on such occasions. It has come to be a real problem, says the Journal, to find the room to park the cars on the big days.

Already Maitland housewives are getting their five-gallon silos ready for the crop of cabbage that a local truck farmer promises to shred for them. C. E. Linville has 10,000 cabbages growing, says the Herald, and will help his customers preserve it.

Two cents a dozen is the premium now offered by a Lathrop dealer, H. W. Leighninger, for infertile eggs.

The new wagons in which the children from three school districts will ride to Lathrop's new consolidated school are ready for the opening of the fall term, says the Optimist.

Bethany is the largest purchaser of a modern motor fire truck. Their new fire fighting car costs $3,500.

Unable to tell how he fell, W. S. Terry of Gilman City regained consciousness after lying in a stupor for several days after falling from a ladder while engaged in painting his house. The unusual circumstances in the case incidate that he may have been overcome by the heat before he fell.

The most recently found of the things dropped by the tornado of June 5 near Faucett in Buchanan county was a promissory note for $1,000 given to the Lawrence, Kansas, National Bank. A check bearing the name of the same endorser and drawn on the same bank was found near Gower.

Daviess county is producing the largest oats crop in its history. Reports from the northern part of the county tell of several fields that are making 80 bushels an acre, and many others from 70 to 75 bushels. Also there are many good fields of wheat. An inch rain last Sunday morning (July 22) made all hearts glad and the corn prospect is looking at its best.—Gallatin North Missourian.

A Corning man, says the Mirror, is suffering from a serious affection of the face resulting from the bite of a poisonous insect. The condition has spread over one entire side of the man's face.

New toll rates announced by the Gallatin flouring mill are as follows: 38 pounds of best flour for 60 pounds of good wheat; or 35 pounds of flour and 10 pounds of bran for 60 pounds of wheat.

To insure a full and efficient planting of fall wheat in Daviess county the Gallatin Commercial club is advertising for the names of farmers in that county who have suitable seed wheat for sale. Such seed will be examined and if approved will be secured for those desiring seed. This service between producer and buyer will be free.

There was no indication of famine on the 40-foot table that greeted the guests at a birthday dinner in Andrew county last week. The Savannah Reporter tells that there were 31 cakes on the table besides the usual accompaniments of farm dinners when 128 persons, all closely related, sat down to a birthday dinner given by Mr. and Mrs. Charles Wilson in their beautiful farm grove near Rosendale.

Most successful of all the seven annual missionary conferences held at Tarkio was that of last week, when 360 delegates registered, including 100 from distant places. Missionaries were present from Soudan, Egypt, India and Korea.

The drag line ditching machine engaged in a river-straightening project north of Rock Port is idle, says the Tarkio Avalanche, because of the drafting for military service of the principal mechanic and the other help.

Last week 12,000 bushels of corn was shelled on three farms near Westboro and shipped to the Aunt Jemima Mills of St. Joseph.

A Tarkio grain dealer bought 10,000 bushels of corn last week, says the Avalanche, paying $2.00 a bushel for the entire lot.

The honored guests at the big patriotic meeting with which King City observed July 28 were the young men of that community whose names were drawn for service in the first national army.

It is not always best to rush into print with differences between good people, and if anything has happened in the last day or two that you do not find in this paper this morning just try to impress on your mind the fact that occasionally there is an individual who can say to himself: "Some may have faults—and who have none,—the old as well as the young. Perhaps I may, for aught I know, have fifty to their one;" and let it go at that.—Richmond Missourian.

Eager to try a ride on an elevator belt little Charles Cole, aged six, was caught on the belt of the Hardin elevator when the machinery started quickly and was drawn quickly to the top of the building and was so injured that he died an hour later.

Puffed wheat bought by the box costs $36 a bushel, according to the estimate of Jewell Mayes of the Richmond Missourian. If bought at 25 cents a serving as on the dining car, he finds that the wheat comes even higher—$480 a bushel.

The potato acreage in the Orrick district is about 650 as compared with 1000 acres last year, says the Richmond Missourian. The first car dug, yielded about 85 bushels an acre, sold at $2.05 a bushel and netted about $110 an acre. By Saturday the price had dropped to $1.75.

Cobe Richardson has made a discovery that may lead to the eradication of the chigger—now the worst in many years. Cobe says the mother bug lays about a dozen eggs in a nest and hatches them like a hen hatches a brood of chicks. He says the thing to do is to find the nest and destroy the eggs while they are fresh.—Old Chip in the Richmond Missourian.

One hundred and ten acres of wheat on the Ellis Gittings farm near Liberty threshed out 3,300 bushels of wheat which sold at $2.53 a bushel.

MAY INCREASE COKE RATES.

Special to The Democrat-Forum.

Jefferson City, Aug. 3.—The State Public Service Commission today was considering the application of all the main line railroads in the state to increase coal and coke rates 15 cents per ton. If the rates are granted, it is said, it will mean an increase in the cost of coal and coke of 15 cents a ton whether there is a short or long haul included in the transportation. A general hearing will be announced later when consumers will be given an opportunity to register objections.

B. J. Post Is 38 Years Old.

The Burlington Junction Post with this issue has passed its thirty-eighth mile stone. It is one of the oldest publications in Nodaway county in point of years and is one of the newsiest, and best edited papers in this section of the state. Walter Mendenhall, the editor, is to be congratulated on the success that he has made of this journalistic enterprise.

"IT'S NO TIME FOR POLITICS"--WILLIS

OHIO EX-GOVERNOR SAYS PEOPLE SHOULD STAND BEHIND WILSON.

PAYS FINE TRIBUTE TO THE OLD SOLDIERS

Glenn Wells Company Furnishes the Musical Program — The Royal Dragoons Play Tonight.

"If we thought less and talked less of politics and thought more and talked more of the flag, we would be better off," said Ex-Governor Frank B. Willis of Ohio last night in his lecture delivered to an overflow audience in Chautauqua tent.

Governor Willis was speaking of the part of politics in the war. He declared that it was no time to let partisan feelings interfere, that it was only necessary to remember that Wilson was our president and that we must stand behind him in bringing the war to a successful close.

Pays Tribute to Veterans.

Paying high tribute to the soldiers of '61, who fought for the things that we now enjoy, Governor Willis said that they were better able to appreciate the seriousness of our present situation, through their experience.

"The people of the United States do not understand the gravity of the world war," Governor Willis said. "Very few comprehend the magnitude of the struggle in men or in money."

"More men have already been killed in the war than were killed on both sides in the Civil war. The struggle between the North and the South cost approximately $3,000,000 a day. The war in which we are engaged is costing the nations $6,000,000 an hour.

Governor Willis urged the people to try to realize the gravity of the situation and the principles for which we are fighting.

Why We Are Fighting.

"Everything that we have ever professed as a country is at stake," he said. "For one hundred years we have taught the principles of freedom and of the right to govern. Now the time has come when we must stand by these beliefs.

"Be an American with me. We have talked liberty and humanity to the world. Let us stand for these principles and see that they triumph.

An allusion to the German sympathizers brought great applause from the audience.

"Any man who is not for America in this crisis should have to get out of the country," said the Governor.

Aiding in the Red Cross work, encouraging the boys to fight willingly and gladly for their country, and aiding in the fight for prohibition were given as means by which those at home could help win the war.

Glenn Wells Company Assists.

The first part of the program was given by the Glenn Wells company, which performed at both the afternoon and the evening sessions. Two sketches, several musical numbers and pianologues pleased the audience in this part of the program.

This morning Dr. Nan Sperry spoke on "The Boy and Girl Problem." This afternoon the Royal Dragoons gave their opening performance and they were followed by Congressman Abercrombie of Alabama.

The concert this evening will be given by the Royal Dragoons, who appear in dashing military costumes and present a program full of spirit.

Saturday's Program.

Saturday's program is as follows:

9:00—Junior Chautauqua.

10:00—Lecture, "Gypsy" S. Smith, who tells of his nomadic tribesmen, in his lecture, "From Gypsy Smith Camp to Pulpit."

2:30—Concert recital, Elsie Baker and company. Miss Baker is one of the world's premier artists.

8:00—Mr. Durieux and Skjerne, assisting artists with the Elsie Baker company, will give the evening prelude.

8:45—John B. Ratto, character impersonator.

FLAG POLE IS READY

Will Be Dedicated to Fourth Regiment Band at 3 O'clock Tomorrow Afternoon.

The flag pole which will be dedicated to the members of the Fourth Regiment band at 3 o'clock tomorrow afternoon, has been put in position at the intersection of Fourth and Main streets.

While the men were using the cable in raising the flag pole into its place, a far-sighted man driving a car ran into the cable which was stretched across the street and held by five or six men. As the cable was pushed back by the car a number of the men found a hasty seat on the ground, and others had their hats forcibly removed from their heads.

TALKS ON FOOD SAVING

Mrs. Sarah Tyson Rorer Against the "Garbage Can" Way of Keeping House.

Food conservation, both for the sake of war and for economy were discussed by Mrs. Sarah Tyson Rorer in her lecture yesterday afternoon.

Mrs. Rorer doesn't believe in the "garbage can" plan of housekeeping. She says that every scrap of foodstuffs can be utilized and that she has never had to use a garbage can in her housekeeping.

The women of today do too much cooking, according to Mrs. Rorer's idea of housework. She told her audience of numerous ways by means of which the labor in the kitchen could be lightened.

THE 2ND LOAN NOV. 15

THE GOVERNMENT PLANS TO BORROW $3,000,000,000 THEN.

TREASURY FUNDS LOW

Secretary McAdoo Plans to Issue $1,000,000,000 in Short Time Notes For Immediate Needs.

Washington, Aug. 3.—The second Liberty Loan — for $3,000,000,000 — will be launched November 15, treasury officials said today. Before that time it is planned to issue nearly $1,000,000,000 in short time treasury certificates to meet immediate needs.

To sell the second liberty loan bonds a campaign is being planned which will overshadow the organization and publicity which made the first bond issue a great success.

A new feature in the second bond selling campaign will be the women's liberty loan committee. It has named State chairmen and opened offices in the Treasury building here.

Several million new posters and 5,000,000 liberty loan buttons have been contracted for.

Washington, Aug. 3.—The biggest money-raising campaign the United States ever has seen is beginning to get under way. With the treasury's funds already so low, Secretary McAdoo has been compelled to sell $300,000,000 in treasury certificates at least ten days earlier than he had planned and the government faces increased demands for money.

When thee first installment of $2,000,000,000 of the liberty loan was offered and so freely subscribed, the banks of the country had no especially pressing demands upon them, but the country now is facing the crop moving season, when the banks will be called upon by private business for millions of dollars to handle the harvest.

It is not doubted at Washington that the government and the people will rise to the occasion, but it is recognized that this season's achievements will be an interesting test of the resourcefulness of the American people under trying circumstances.

Steps are being taken to meet the eventuality. Senator Owen in the Senate and Representative Fisher in the House have offered bills to amend the federal reserve act to empower the board to suspend the law preventing national banks or member banks of the Federal Reserve System lending to exceed 10 per cent of their capital and surplus to any one firm or individual. The purpose of waiving this prohibition is to enable banks to finance crop movements for farmers with heavy harvests and for companies which pay the freight and other costs of moving crops which they buy.

Under the terms of the measure, the crops will be made security for loans.

NEXT GAME WITH ROCK PORT

Feds Expect To Redeem Themselves Sunday by Good Score—Plan Championship Games.

The Maryville Feds have staged a game with Rock Port for Sunday afternoon, and expect to redeem themselves by playing one of the best games of the summer.

Rock Port has one of the fastest clubs in Northwest Missouri, having met but one defeat this season. They played Maitland Sunday before la[illegible] and won the game by a score of 15 to 0.

The Feds at present have the strongest clubs of the season and are anxious to have a good crowd present when they take the victory from Rock-Port.

Championship games are being arranged with Stanberry, Rock Port and Shenandoah, when the title of best teams in Northwest Missouri and in Southwest Iowa will be contested. Shenandoah has a salaried baseball club, having won every game of eighteen played this season. Bert Garnett of Skidmore will act as umpire in all of these games.

To Delay Band Boys' Gifts.

The Commercial club entertainment committee yesterday decided that the gifts to the band boys would not be given at their departure but would be sent later, when the boys were in camp. In response to the plea of the boys who do not smoke for something else besides cigars and cigarettes, other gifts will be included in the shipment.

A PLEA FOR PILLOWS

Women Who Have Not Time to Join Units can do This Work at Home.

A plea for pillows is being made by the women of the National Surgical Dressings association in Maryville. It is felt that many women, who have not the time to join one of the units would be glad to make a pillow, and turn it in to Mrs. E. G. Orear, chairman of the Nodaway County organizations.

Two sizes of pillows are asked, the sanitary train pillow being 21 by 35½ inches and the stretcher pillows being 12 by 18 inches. These pillows may be covered with cretonne or any other material that is handy in the house and should be supplied with two slips of old or new material. Another size pillow asked for is 16 by 16 inches.

The pillows are very essential in the proper treatment of the war sufferers, as they are used to prop up limbs to stop the flow of blood and in other ways to ease the sick.

A second appeal for old linens comes from the association at New Lork. Any woman who wishes to contribute may cut her old linens into pieces, 15 by 15 inches and 16 by 23 inches.

Word was received this morning from Mrs. A. R. Meyer, chairman of the Kansas City branch of the association, that the Missouri association had been accepted by the national organization and their work recognized. The announcement that the last shipment of surgical dressings sent by Nodaway county had been received and passed upon for shipment was also sent to local headquarters.

SINGING COMES TO STAY

Large Crowd Joins in Songs at Farewell Band Concert Last Night — Enterprise Complete Success.

The second evening of community singing in Maryville proves that it has come to stay. A large and enthusiastic crowd attended the farewell concert given by the Fourth Regiment band last night and when Marcus Nielsen led the singing, men, women and children joined in with a will, making Maryville's latest enterprise a complete success.

The band boys are preparing to leave and will take the Sunday morning train for St. Joseph. A large delegation of friends and relatives of the boys will see them off on that morning.

PICKERING WOMAN DEAD

Paralytic Stroke Fatal to Mrs. James Sadler After 3 Years of Illness Was 74 Years Old.

Mrs. James Sadler of Pickering died at 9:20 o'clock last night. Mrs. Sadler suffered a paralytic stroke about three years ago, and has been an invalid since that time. She was 74 years old last Sunday.

Mrs. Sadler is survived by seven children, two sisters, twenty-three grandchildren and seven great grandchildren. The children are: William Sadler, Pickering; Frank Sadler of St. Joseph, Mrs. Charles Clayton, Mrs. Silas Yeager and Mrs. John McClurg of Pickering, Mrs. Leonard Vore of Hopkins, and Mrs. Floyd Claycomb, near Maryville.

Funeral services will be held at 2 o'clock tomorrow afternoon, conducted by the Rev. C. S. Dayhoff and burial will be in the White Oak cemetery.

Mrs. Sadler was born in Indiana, but has spent the greater part of her life in Nodaway county.

U.S. TROOPS ARE IN LONDON

Will Soon Be Marching in Streets With Bands Playing and Flags Flying.

Special to The Democrat-Forum.

London, Aug. 3.—The American troops are to march through London streets with bands playing and flags flying in the near future, says the London Daily Express. This paper declared that it was the first time since the landing of William III that soldiers of a foreign country were permitted to march through London streets carrying arms and a foreign flag.

The Daily Mail points out the presence of American troops on English soil is no longer a secret since the fact that King George inspected the regiment and was published a few days ago.

TO INCREASE OFFICERS RESERVE

Each State Will Be Permitted A Quota of 30 Per Cent Higher in Next Camp.

Special to The Democrat-Forum.

Washington, Aug. 3.—Each state will be permitted a quota of 30 per cent higher than that was originally assigned at the reserve officers' training camps that opens Aug. 27, the war department announced today. Instead of one thousand men in each sixteen camps, a total of 23,000 will be admitted.

John Kidd of Bedison was a Maryville visitor today.

TO HOLD LINES AT ANY SACRIFICE

GERMANS ARE FOLLOWING THEIR LEADER'S ORDERS EXPLICITLY.

YPRES REGION, SCENE OF BLOODY SLAUGHTER

Teutons Charged Through A Sea of Mud Only to Meet Disaster Under British Fire.

Special to The Democrat-Forum.

London, August 3. — "Hold your lines at any cost." This command was given to the Crown Prince Rupprecht of Bavaria commanding the German forces in Flanders when the war council of German military and naval leaders summoned by the kaiser met in Brussels yesterday, said a dispatch from Amsterdam today

The imperial command had already been flashed to the German front and today's dispatches from Flanders told of a savage German counter attack, terrific pounding of the British lines by artillery and of hand to hand fighting of ferocity unequaling even that of the Somme. Throughout the night in the region of northeast of Ypres was the scene of a bloody slaughter. The Germans charged through a sea of mud only to meet disaster under the galling fire of the British. At dawn today hundreds of Germans were dead and lay before the British positions. The German prisoners say that rumors along the German front were that huge bodies are being hurried up, some coming from the eastern front to make up the reverses suffered.

The Hague, Aug. 3.—Czernowitz, the capital of Bukowina, has been captured by the Austrians, says a Vienna dispatch today.

TO BLAME FOR LAW'S DELAY.

Special to The Democrat-Forum.

Washington, Aug. 3.—The responsibility for further delay in enacting the food bill will rest upon the senate and house leaders, it was declared today. The house met today and determined to adopt the conference report. Although there promises to be some caustic criticism of some of the features of the bill, Chairman Lever declared that there would be no doubt about its acceptance.

EXPECT BATTLE AT SHAWNEE.

Special to The Democrat-Forum.

Shawnee, Okla., Aug. 3.—It has been reported that the great Frisco bridge over the south Canadian river near Francs has been burned by members of the working class. A posse of Konowa citizens have gone to meet them and a battle is momentarily expected. The wires are all cut. The sheriff here has arrested several for resisting the draft.

REVENUE BILL REDRAFTED.

Special to The Democrat-Forum.

Washington, Aug. 3.—With further revision of the liquor taxes, the Senate finance committee today virtually completed the redrafting of the revenue bill. As the measure stands, it is calculated to raise $2,002,000,000. It was agreed to give free mailing privileges to the soldiers in France.

Mrs. Sylvester Bosley of near Skidmore was painfully injured Tuesday, while helping the men put up hay. Mrs. Bosley was on the load of hay, and as the fork, which was stuck deep into the hay, lifted, was thrown backwards. A deep gash was cut on the back of her head and her wrist was sprained.

ANNOYING SYMPTOMS

How Heat Flashes, Dizzy Spells and other Bad Feelings at Change of Life may be Relieved.

Richmond, Va. — "After taking seven bottles of Lydia E. Pinkham's Vegetable Compound I feel like a new woman. I always had a headache during the Change of Life and was also troubled with other bad feelings common at that time—dizzy spells, nervous feelings and heat flashes. Now I am in better health than I ever was and recommend your remedies to all my friends."—Mrs. LENA WYNN, 2812 E. O Street, Richmond, Va.

While Change of Life is a most critical period of a woman's existence, the annoying symptoms which accompany it may be controlled, and normal health restored by the timely use of Lydia E. Pinkham's Vegetable Compound.

Such warning symptoms are a sense of suffocation, hot flashes, headaches, backaches, dread of impending evil, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and dizziness,

Mr. and Mrs. J. C. Fryar and daughter, Blanche of Ravenwood, are in Maryville on business today.

Mr. and Mrs. Will Saunders of Pickering are Maryville visitors today.

Little Girl Falls 14 Feet.

As a result of falling from a back porch to the cement steps, fourteen feet below, Hilda Foreman, the eight year old daughter of Lloyd Foreman, the auctioneer, is confined to her home with a broken arm, both the bones of the left arm being broken. The accident happened last Friday. On Saturday, the little girl's uncle, Donald Foreman, aged 15, came down from his home near Bedford to help take care of his little niece, and while cranking his father's Ford car that afternoon, the machine "kicked," breaking his right arm. Dr. Kirk was called in both instances to reduce the fractures and the boy was able to be taken home Monday.—Hopkins Journal.

Pickering Christian Church.

During August, the vacation and Chautauqua season, let us who are here rally to the Sunday school and church call. With your loyalty we shall have interesting and enjoyable services. R. L. Thorp of Camden Point, president of the Missouri Christian college will be with us Sunday and will preach at 11 o'clock. Brother Thorp is in interesting speaker and I am sure he will bring us something good.

The next Lord's day the 12th, is our "Home Coming." Let us make this annual the best for many years. Brother E. M. Miller of Maryville will be here as the main speaker.

During the absence of Rev. C. S. Dayhoff we cordially invite our Methodist brethren to come and worship with us. —E. H. Hutchison.

The Busy Store With Little Prices

Here From Oklahoma.

Roy McGuire and family and Mrs. Al McGuire, of Canton, Okla., arrived here last week in their Ford car for a short visit with relatives and old friends. They are needing rain there the same as we are here, the early corn being burned up when they left Canton. The distance between Hopkins and Canton is 600 miles and they drove through in less than three days. They started on the return trip home Wednesday afternoon. — Hopkins Journal.

C. E. Donlin of Hopkins, Ross M. Burch of Clearmont and G. W. Smith of Pickering were among the county people registered at the Hotel Balnum yesterday.

"I'm Going To Use My Business—Not Put It In Cold Storage

This was the remark of a keen thinking business man, who is on the move regardless of the general business tendency, weather or trade.

This should be the thought of every merchant or manufacturer who intends to stay in the race. The man who backs out for a time, who waits for a new movement, is the one who is most apt to lose out entirely. The one who increases his energy is the very one who looms up big when the harvest comes.

It is easier by far to keep in the race than to slow down and let another man pass you. If you do not keep yourself and your concern before the public, who do you think will?

Put your business into cold storage for a time and you have lost efficiency for that time. People do not remember you half so well by your past achievements as by your present. It is up to you to stay in the race not only to retain past trade but to be ready to serve the trade of tomorrow.

Seen And Heard At The Chautauqua

Seventy-five boys and girls took part in the Junior Chautauqua at Chautauqua Park yesterday morning. The play which was directed by Miss Mabel McGill, supervisor, was enjoyed. The session this morning was called earlier because of the lecture.

Twelve Civil War veterans of the Blue and the Grey responded to the invitation of Harry D. Kies, manager of the Chautauqua, and took their places on the platform during the lecture of Ex-Governor Willis.

Ex-Governor Willis told his audience last night that his parents had lived a short time in Nodaway county more than sixty years ago and that his childhood memories contained the names of families who had been neighbors of his father and mother during that time. He named the Chances, the Officers and the Wrays, and said that if there were any members of these families in the audience he would be glad to meet them.

Governor Willis' frequent resorting to the water glass during his speech is said to have made many in the audience thirsty, although the night was cool.

The subject of Governor Willis' lecture was announced as "Present Day Problems." He spoke more than an hour and failed to get beyond today's one vital problem, "The War." So much for the magnitude of the great world struggle.

Some of the men who heard Mrs. Rorer's lecture yesterday afternoon greatly resented her suggestion that they do without pie in order to save the housewives the trouble of making them.

"What's the use of having high salaried committees going around the country teaching women to can alfalfa for winter greens and showing Johnny how to raise three quarts of beans when we allow the liquor dealers to consume thousands of dollars worth of grain for booze"—Governor Willis.

Did you know that in the previous allied offensives that have cost the lives of thousands of men and the expenditure of billions of dollars, the territory gained from the Kaiser's forces is about one-third the size of Nodaway county. And did you know that the allies are still one hundred miles from German territory? This is what Governor Willis told his audience last night.

If the United States had a sufficient air force, the war would be ended in a short time, as airships might solve the submarine problem. A submarine is plainly visible from an airships, and explosives would do the rest Two other possible exterminators of the submarine, said Governor Willis in his address last night, are Edison and his assistants and the United States navy, which will close the Keil Canal and prevent the U-boats from leaving their bases.

WANT TO LOSE A DOG? APPLY TO CONRAD YEHLE

Conrad Yehle's friends are always finding something else to admire in him, and their latest discovery is he is an authority on "How to Lose a Dog."

Mr. Yehle's particular talent in this line burst into full bloom this week and since that time he has done little else besides answer questions on the art of dog losing. Mr. Yehle answers them from his varied experience, and receives their profuse thanks with a satisfied air that comes only from a knowledge of duty well done.

A strange dog has been hanging around Mr. Yehle's home for some days, and as the Yehle family is practicing the food conservation urged by the Commercial club, the presence of a lean, unsightly canine on the outskirts of his property was really an eye-sore and a conscience troubler to Mr. Yehle.

Wednesday the crisis came and Mr. Yehle ordered his son, Eugene, to take the dog out and lose it. The forlorn animal was duly loaded into the car and Eugene sped out into the "wilds." When he had gone a few miles, he pushed the dog out of the car and returned to Maryville.

That evening the family had a thanksgiving dinner with extra courses in honor of the dog's disappearance, but just as Mr. Yehle was carving the roast, a scratching was heard on the porch, a low whine echoed through the house —

"And the dog was back."

Mr. Yehle tried to cover his chagrin and appeared to enjoy the festivities. But dark thoughts were in his heart. He was at that moment planning to have the dog sent to "dog heaven," via he Bullet Route.

The next day his plans were matured and he hired a man to shoot the unwelcome visitor. The dog was led away from the house, the executioner drew back a few paces and the gun was raised. Poor Fido all unconscious of his fate made a lucky move just as the gun went off and a bullet only grazed his eye.

Finale: He is back at the Yehle home, looking reproachfully but confidently at Mr. C. W. out of his good eye.

You Can Shake Loose from The Tortures of Rheumatism

By using S. S. S.

The germs of Rheumatism are in the blood, which is laden with millions of the minute demons of pain, causing untold suffering and bringing its victim from vigor and strength to almost helplessness. To get real and genuine relief from this disease, these disease germs must be completely routed out of the system through the blood.

S. S. S. has been used for fifty years with satisfactory results in the treatment of Rheumatism. It acts directly upon the blood, which it promptly purifies of all disease germs. It is a powerful antidote, and eliminates from the blood all trace of rheumatic germs, building up and strengthening the run-down system.

Write to-day to our medical director, who will give you valuable advice regarding the proper treatment of your own case. Address Swift Specific Co., Dept. I Atlanta, Ga.

About the Fair.

Editor Democrat-Forum: A few of our boys attended the Taylor county fair at Bedford and we find that it does not come up to the Maryville fair. We think it is too early in the season for fairs as the farmers are all pretty busy.

Bedford had a pretty good race meet and everything went off pretty nice until August 1, when they had a pace race where Mr. F. F. Brockway got in bad with Judge Leric, his pacer and the same one that paced here on the Fourth of July. It seems as though Mr. Brockway has a good deal of trouble by his broad driving and at Bedford he got in it by crowding Bob Conner. Mr. Conner contested Brockway's pacing horse, claiming that he was entered in the class that he did not belong in and that he misled the Bedford association in the class where he belonged. Conner called on J. F. Roelofson and myself to make affidavit of Judge Leric's time made here at our fair in September 1916 for which we were compelled to do so to protect the association. Brockway has been training his horses here at Maryville track and since the trouble at the race meet on the fourth of July has moved his horses to Savannah. We presume that he will be there at the Savannah fair on the same dates as the Maryville fair.—A. O. Mason, President Maryville, Nodaway County Fair Association.

NEWS FROM ALL NORTHWEST MISSOURI

Fifty-nine years ago a Michigan lad, having attained his 21st year, started westward to offer his services as an Indian fighter. At Ft. Des Moines he was told that Iowa already was supplied with its full requirements in that line, but that North Missouri might have use for him. Thus he landed at Princeton in 1858 and being again denied the chance to fight Indians he accepted a job of school teaching at $20 a month, taught at Pleasant Ridge and Modena several terms and then went back to Michigan. That was the last O. F. Conlin saw of Princeton, says the Post, until last week when he came back on the cushions of a Pullman coach and with enough money in his pocket to buy the whole train—if he wanted it. He found several friends of the old days and spent a pleasant day visiting the scenes of his experience of 1858.

One hundred and fifty dollars is the cash reward offered by I. N. Wilson of Grant City for the return of a new set of work harness and the arrest of the two young fellows who, he declares, drove past his farm in an Iowa-licensed motor car and lingered suspiciously near his barn the night before the harness was missed.

If the new contract between city council and electric light plant is ratified by the popular vote in the special election this Tuesday Grant City will have its first 24-hour electric service and a notable addition to its street lights.

To relieve the congested condition of the street adjacent to its bandstand Grant City is removing one-fourth of the hitchracks from the public square. These will be set up in another street, however, so that there will be no decrease in hitching facilities.

When a large elk escaped from the Chas. McQuigg elk pasture near Grant City some weeks ago it began roaming at will about the neighborhood and it was found to be too wild and fleet of foot to re-capture. Consequently, an elk hunt was staged in Worth county last week and the animal was shot.

In order to make room for the motor cars of out-of-town patrons on Saturdays and other special days Hopkins business men have found it necessary to urge the townspeople to leave their cars at home on such occasions. It has come to be a real problem, says the Journal, to find the room to park the cars on the big days.

Already Maitland housewives are getting their five-gallon silos ready for the crop of cabbage that a local truck farmer promises to shred for them. C. E. Linville has 10,000 cabbages growing, says the Herald, and will help his customers preserve it.

Two cents a dozen is the premium now offered by a Lathrop dealer, H. W. Leighninger, for infertile eggs.

The new wagons in which the children from three school districts will ride to Lathrop's new consolidated school are ready for the opening of the fall term, says the Optimist.

Bethany is the largest purchaser of a modern motor fire truck. Their new fire fighting car costs $3,500.

Unable to tell how he fell, W. S. Terry of Gilman City regained consciousness after lying in a stupor for several days after falling from a ladder while engaged in painting his house. The unusual circumstances in the case incidate that he may have been overcome by the heat before he fell.

The most recently found of the things dropped by the tornado of June 5 near Faucett in Buchanan county was a promissory note for $1,000 given to the Lawrence, Kansas, National Bank. A check bearing the name of the same endorser and drawn on the same bank was found near Gower.

Daviess county is producing the largest oats crop in its history. Reports from the northern part of the county tell of several fields that are making 80 bushels an acre, and many others from 70 to 75 bushels. Also there are many good fields of wheat. An inch rain last Sunday morning (July 22) made all hearts glad and the corn prospect is looking at its best.—Gallatin North Missourian.

A Corning man, says the Mirror, is suffering from a serious affection of the face resulting from the bite of a poisonous insect. The condition has spread over one entire side of the man's face.

New toll rates announced by the Gallatin flouring mill are as follows: 38 pounds of best flour for 60 pounds of good wheat; or 35 pounds of flour and 10 pounds of bran for 60 pounds of wheat.

To insure a full and efficient planting of fall wheat in Daviess county the Gallatin Commercial club is advertising for the names of farmers in that county who have suitable seed wheat for sale. Such seed will be examined and if approved will be secured for those desiring seed. This service between producer and buyer will be free.

There was no indication of famine on the 40-foot table that greeted the guests at a birthday dinner in Andrew county last week. The Savannah Reporter tells that there were 31 cakes on the table besides the usual accompaniments of farm dinners when 128 persons, all closely related, sat down to a birthday dinner given by Mr. and Mrs. Charles Wilson in their beautiful farm grove near Rosendale.

Most successful of all the seven annual missionary conferences held at Tarkio was that of last week, when 360 delegates registered, including 100 from distant places. Missionaries were present from Soudan, Egypt, India and Korea.

The drag line ditching machine engaged in a river-straightening project north of Rock Port is idle, says the Tarkio Avalanche, because of the drafting for military service of the principal mechanic and the other help.

Last week 12,000 bushels of corn was shelled on three farms near Westboro and shipped to the Aunt Jemima Mills of St. Joseph.

A Tarkio grain dealer bought 10,000 bushels of corn last week, says the Avalanche, paying $2.00 a bushel for the entire lot.

The honored guests at the big patriotic meeting with which King City observed July 28 were the young men of that community whose names were drawn for service in the first national army.

It is not always best to rush into print with differences between good people, and if anything has happened in the last day or two that you do not find in this paper this morning just try to impress on your mind the fact that occasionally there is an individual who can say to himself: "Some may have faults—and who have none,—the old as well as the young. Perhaps I may, for aught I know, have fifty to their one;" and let it go at that.—Richmond Missourian.

Eager to try a ride on an elevator belt little Charles Cole, aged six, was caught on the belt of the Hardin elevator when the machinery started quickly and was drawn quickly to the top of the building and was so injured that he died an hour later.

Puffed wheat bought by the box costs $36 a bushel, according to the estimate of Jewell Mayes of the Richmond Missourian. If bought at 25 cents a serving as on the dining car, he finds that the wheat comes even higher—$480 a bushel.

The potato acreage in the Orrick district is about 650 as compared with 1000 acres last year, says the Richmond Missourian. The first car dug, yielded about 85 bushels an acre, sold at $2.05 a bushel and netted about $110 an acre. By Saturday the price had dropped to $1.75.

Cobe Richardson has made a discovery that may lead to the eradication of the chigger—now the worst in many years. Cobe says the mother bug lays about a dozen eggs in a nest and hatches them like a hen hatches a brood of chicks. He says the thing to do is to find the nest and destroy the eggs while they are fresh.—Old Chip in the Richmond Missourian.

One hundred and ten acres of wheat on the Ellis Gittings farm near Liberty threshed out 3,300 bushels of wheat which sold at $2.53 a bushel.

MAY INCREASE COKE RATES.

Special to The Democrat-Forum.

Jefferson City, Aug. 3.—The State Public Service Commission today was considering the application of all the main line railroads in the state to increase coal and coke rates 15 cents per ton. If the rates are granted, it is said, it will mean an increase in the cost of coal and coke of 15 cents a ton whether there is a short or long haul included in the transportation. A general hearing will be announced later when consumers will be given an opportunity to register objections.

B. J. Post Is 38 Years Old.

The Burlington Junction Post with this issue has passed its thirty-eighth mile stone. It is one of the oldest publications in Nodaway county in point of years and is one of the newsiest, and best edited papers in this section of the state. Walter Mendenhall, the editor, is to be congratulated on the success that he has made of this journalistic enterprise.

Woodburn, Vanvelson and Tom Rush, all of near Orrsburg, have started their threshing this week.
